Hey Tami,

Was your supervisor agreeable?

Unfortunately, I was not able to secure a tribal representative. I asked everyone you sent me, as well as a couple contacts of my own to no avail. I am still holding out hope though!

Miriah Twitchell

Hi Miriah,

I will be discussing this with my supervisor on Monday, as long as she agrees I will be there. I might ask a colleague to join me as well. I will let you know Monday afternoon.

Thanks! Tami

Thanks! Are you still on for Thursday? I hope so, cause I have you down for 10:10.

Will that work for you?

Hope the wedding was flawless and your vacation was invigorating, cause I'm sure you're right back at it again.

Thanks again,

Miriah Twitchell

Hey Tami,

I know you are out and busy, so I won't expect a response.

If you do hop online though, do you have any other names of tribal people experienced in coordinating with agencies on regulatory decisions in/near ANC I might hit up for the training? Bobby is unavailable, and Mark has not responded.

It's a last-ditch effort, but thought I'd try anyway.

Hey Miriah, Please take a look at the draft below, I can send changes to Kris later today. So if you get back to me with any edits by 330 AK time that would be perfect.

It could use some help, I would like to also add a discussion regrading tribal government representatives in the room - sharing their experience.

Thanks!!

=====

Hi Kris, here is my draft, I will likely have a couple more tribal leaders but they haven't confirmed. Will I be able to add or revise?

Miriah was wanting to take a look, I am going to forward this to her, just wanted to give you a draft to give to Brandy.

I am getting on a plane Ina few minutes and will send you a follow up email around 530.

Thanks!! Tami

Title: Incorporating Traditional Ecological Knowldege into Environmental Decision Making

Description: EPA, ADEC, and Tribal Leaders will share their experience regarding incorporating TEK into environmental decisions and planning efforts. EPA will provide an update on the integration of Traditional Ecological Knowldege (TEK) into Alaska permitting decisions and the Bristol Bay Watershed Assessment. The Alaska Department of Environmental Conservation will share the Alaska Pollution Discharge Elimination System program's efforts to incorporate TEK and Local Knowledge into their permitting decisions.

Panelists:

Bobby Andrew, Nunamta Aukelestai Warershed Council, Ekwok Village Council Miriah Twitchell, APDES Local and Tribal Government Coordinator, ADEC Tami Fordham, Alaska Resource Extraction Tribal Policy Advisor
